

I'm with a public agency...

why join?

ASHE

Leadership

ASHE offers you the opportunity to serve as a committee or board member at the sectional, regional and national levels, allowing you to develop the leadership skills critical to successful projects, resulting in more effective project delivery.

Education

With a variety of regular technical programs, ASHE offers a cost effective way for agency engineers to earn PDH's year round, along with the opportunity to hear about industry trends and increase your exposure to unique projects, technical procedures, and innovative techniques. It also provides a forum for public agencies to educate a focused consultant group on the needs of your agency by being a speaker at one of our events.

Skill Development

ASHE offers an expanded network to other transportation experts around the country and the ability to engage them when regional challenges arise with access to a network of specialized experience, lessons learned, technical studies, and solutions to a variety of issues. ASHE provides active individuals the opportunity to do public speaking, write technical papers/be published, give educational presentations, earn PDHs, and support internal culture growth goals.

Networking & Collaboration

ASHE offers you the opportunity to network with your agency peers, along with consultants you work with currently or may one day, gaining insight into unique challenges both consultants and agencies face, thereby strengthening those relationships increasing collaboration and project success.

I'm with a public agency...

why join?

ASHE

Industry Specific

The only highway-specific non-agency professional organization devoted to providing a forum for members and partners of the highway industry to promote a safe, efficient and sustainable highway system through education, innovation and fellowship.

Industry Diversity

With transportation engineers; designers; maintenance supervisors; marketers; business developers; suppliers; contractors; and more: ASHE promotes all aspects of our transportation business bringing together design, construction, maintenance, and operations under a single umbrella of technical diversity for dialogue.

Respect & Recognition

As an ASHE member, you will receive an unparalleled level of respect and recognition amongst your industry peers with the ability to share your knowledge, resources, lessons learned and experience with others nationally.

Scholarships

ASHE actively supports young people seeking specific roles in the transportation profession with over \$1.4M in scholarships to date and specific opportunities for young transportation engineers.

Cost Efficient

From \$40 - \$70 a year for membership dues, ASHE is one of the most cost effective memberships in the industry.

For more information on joining and getting involved in ASHE, contact membership chairperson: Rob Prophet, rprophet@trafficpd.com
